WHERE IT'S AT

Mayfair Male 4

Another fine selection of lewd letters from horny readers – plus the obligatory loonies who write to us in the mistaken belief that we can offer help or guidance. Suckers!

Emma Thompson 12

The News Of The World were unable to publish these saucy snaps in their entirety as they bill themselves as a 'family newspaper'. We, of course, have no such restrictions…

Jamie Lee Curtis 14

One of Hollywood's hottest properties, Jamie Lee Curtis was wonderful in *Wanda,* hot in *Halloween* and terrific in *True Lies*. Now she's magnificent in *Mayfair!*

Ice Ice Crazy! 22

It takes a very special kind of person to slip on a pair of spiky boots and a bobble hat, then attempt to scale a 1,000ft frozen waterfall. Around here, we call them nutters!

You Want Me…? 24

She's cute, she's curvy, and from now on pretty little Claire Cass will appear exclusively in *Mayfair!* You asked to see more of her, so here's your chance…

Scene From Mayfair… 32

The windows of our top-floor offices here at Raymond Towers may well be warped, but the view they offer of the world around us is still breathtaking – despite the pigeon shit!

Anna Malle Magic 44

Admit it – if you had to think up a title for an interview with an American porno star called Anna Malle, you'd have gone for 'Anna Malle Magic' too, wouldn't you?

Object Of Desire 54

Owning a flash motor can work wonders when you're on the pull – but if your stereo system can't pump out over 600 watts of boomtastic bass, then you need an Alpine!

Czech It Out! 62

Eastern Europe is rapidly become THE destination for young men on a mission – ours was to get laid and legless, and Prague proved to be just the place to do it…

Quest 70

The subject this issue is Holiday Romance – does Miguel pack more meat? Can Carlos come again (and again and again)? And how *do* you stop sand getting in the sandwiches?

Coming Up 98

Here's at least ONE good reason to get *Mayfair* next month… she's called Jennifer!

MHL “Let's get rockin'!”

PHOTOGRAPHED BY VIV THOMAS

What should we be eating, then? You're supposed to be the expert…
It's boring but true – lots of fruit and vegetables and cut down on your fat, sugar and cholesterol intake. And drink loads of water every day – it cleans out your system and removes toxins.

Er, will lager do the same thing?
No, it flaming well won't! And before you ask, cigarettes deaden your tastebuds. And remember that the more energy you burn, the more you can eat.

It all sounds a bit too much like hard work.
It needn't be. You don't have to go running around the block to burn off the calories. In fact, you don't even need to leave bed. Sex prompts healthy eating.

Great! Has that been scientifically proven?
Who cares? It's good enough for me! When I see a man who's really healthy and in condition, I know he'll have a prick of iron and the appetite to match. I just can't wait to run my hands all over his body and whip his pants off!

DAIRY

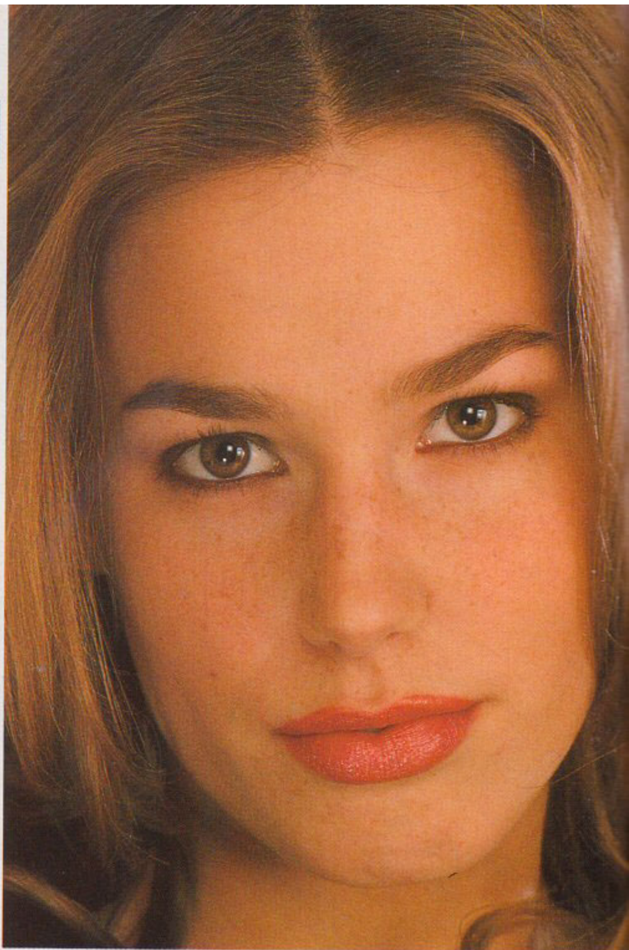
Hmm. Pass the Ryvitas, will you? Maybe there's something to this healthy eating mullarkey after all. ***You won't regret it, believe me. Give me a call if you need a calorie count or any more advice. Well, I can't stop, I'm going out for a meal with a hard-bodied stud I've met.***

Where are you going, some trendy vegetarian restaurant? ***No way! There's a great greasy cafe round the corner where they do the best fry-ups. I know it's loads of calories, but I'll definitely have burned them off by tomorrow!***

DUMBASS

YOU WANT ME?

DUE TO AN OVERWHELMING RESPONSE FOLLOWING HER DELIGHTFUL DEBUT, WE WILL BE FEATURING THE LOVELY CLAIRE CASS IN OUR NEXT THREE ISSUES – BUT WHAT SHOULD SHE WEAR? WHERE SHOULD SHE BE? HOW, IN OTHER WORDS, ARE WE TO PHOTOGRAPH HER? WELL, YOU WANTED TO SEE MORE OF HER, SO YOU DECIDE!



YOU'VE GOT ME!

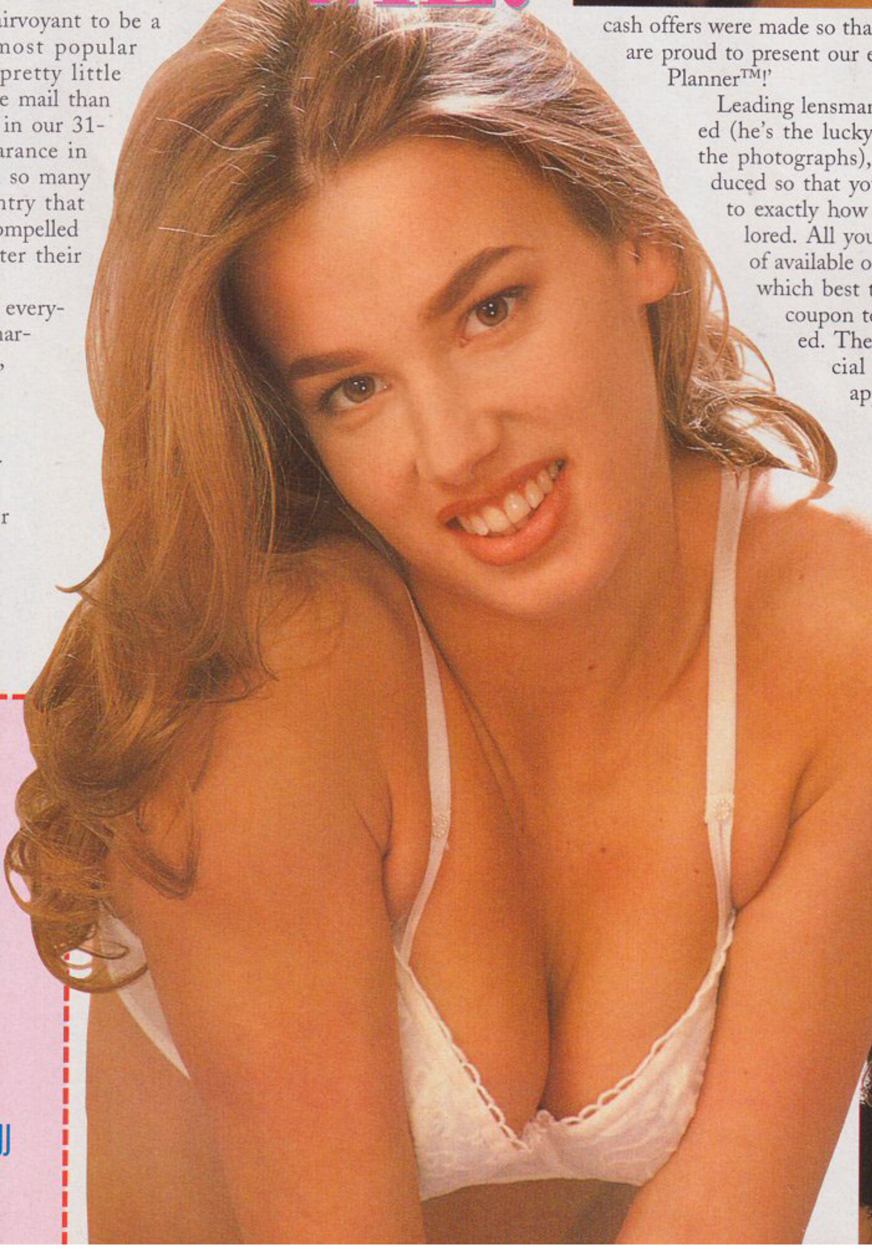
CLAIRE CASS
APPEARS
EXCLUSIVELY
IN
MAYFAIR

You don't have to be clairvoyant to be a Claire voyeur! The most popular *Mayfair* girl to date, pretty little Claire Cass has received more mail than any other girl we've featured in our 31-year history. Her first appearance in Volume 31 Number 6 stirred so many loins up and down the country that hundreds of our readers felt compelled to put pen to paper to register their approval.

We were inundated with everything from cards, gifts and marriage proposals to... frankly, rather less romantic missives detailing just what some of the more energetic among you would like to do with her (given half a chance). Obviously many of your requests were completely out of the question – we're not sure if some of them were even *legal!* – but we never like to disappoint our loyal readers, so phone calls and big cash offers were made so that now (cue cheesy drum roll) we are proud to present our exclusive 'Claire Cass Photo Set Planner™!'

Leading lensman Steve Colby has been consulted (he's the lucky bastard who'll eventually take the photographs), and a list of possibilities produced so that you, the reader, can have a say as to exactly how the photo-sessions will be tailored. All you need to do is examine the list of available options, select the ONE scenario which best tickles your fancy, and mail the coupon to us here at the address provided. The entries will be added to a special database, and the results will appear over the next three issues.

Finally, in order that the first shoot can get underway in time for next issue, we urge you to complete and return your forms with all possible haste – you wouldn't keep a lady waiting, would you? Ⓜ



HEY! CUT IT OUT!

I AGREE THAT CLAIRE CASS IS ONE OF THE MOST BEAUTIFUL PEOPLE ON THE PLANET, AND GIVEN THE CHOICE I WOULD LIKE TO SEE A SAUCY PHOTO SET OF HER DRESSED AS:

HEATHER

PHOTOGRAPHED BY FRANK ANDERSON

What's the secret of pulling a perfect pint? ***It's all in the angle you hold the glass – you should let the beer flow in gently with no splashing, gradually increasing the angle you're pouring at, then lower the glass from the tap right at the end to put a good head on it.***

Do you ever get any trouble from your customers?
Oh no, my regulars are all very nice men. I work in a free house though, so they can be a bit fussy about their real ales.

So it's all chunky sweaters and beards?
Well, maybe a couple of them are like that – but they're lovely!

Do they try to chat you up?

Of course, and I love it. Really, some of them are hopeless, but the way I see it, they're welcome to practice on me and maybe it'll save them embarrassing some other girl in the future!

That's a very unselfish attitude!

Not at all. I charge them for it – a gin and tonic per chat up attempt and a vodka and orange for corrections!

DUMBASS

MAYFAIR Male

continued from p5 ever a girl was made for one, it's her!) and secondly, she never seems to show her pussy off in its full glory, though the shot on page 30 comes tantalisingly close. Is she just being shy or keeping us all waiting?

With this is mind, please, please, please ask Janie to put me out of my misery and do a really revealing striptease for *Mayfair,* down to a black lacy suspender belt, stockings and shiny stilettos. Shots of her in this outfit would be one hell of a fantasy for me.

Yours pleadingly,
Gary, Glasgow

Reply: *You were right the first time, Gary – she may not look it in many of our shots, but Janie is incredibly shy about her body! We asked her if she'd consider coming back for an even ruder shoot, and she's promised to think about it. In the meantime, though, what do other readers think? Girls who are not quite as perfectly formed as Janie are rarely reluctant when it comes to 'going all the way', but our philosophy has always been to print pictures of the most beautiful girls in the world… even at the expense of full legs akimbo-type pics. Should we only run the rude sets and ignore those in which the girl appears modest or bashful? Or are we doing the right thing by printing a couple of slightly tamer sets of outstandingly gorgeous girls? Let us know what you think…*

THE BODY POLITIC

I've just been taught a very important lesson by a twenty-year-old student: "Politics is politics, but a good fuck is more important."

Lucy told me this after weeks of organising protests outside my offices. She and her radical student friends were furious that my firm was trading with Indonesia (there's a corrupt military government, apparently). I ignored the protests and laughed off the posters which were stuck onto my windows, but when I realised it was affecting business and I was getting bad coverage in the local media, I decided it was time to act.

> ❝ IS SHE JUST BEING SHY OR KEEPING US ALL WAITING? ❞

Lucy was the organiser, so I invited her to come in for a face-to-face meeting. I layered on the charm but she saw through the bullshit. I suggested we discussed our differences over dinner and booked a table in the most expensive restaurant in town. Again, she realised I wasn't being entirely sincere but she accepted.

When I picked her up, I was impressed. Gone were the baggy jeans and jumper. Instead, she had on a flowing summer dress, split quite high up the middle to give a flash of her shapely legs. More noticeably, she wasn't wearing a bra and her large breasts bounced every time she breathed.

" SIT ON THIS ! "

As we ate dinner Lucy and I argued, but I felt her foot rubbing up my leg. She told me I was an immoral bastard and flirted with me all night. Just as we were about to leave, her foot came up to my crotch and felt my hard-on. She wanted to make sure she was having the right effect on me.

When we got to my car in the secluded space behind the restaurant, Lucy invited me back for coffee. Before I could accept, she was kissing me.

With her curvy young body so close to me, the erection in my trousers developed. I reached down and felt for the split in her dress. Finding it, I put my hand on her thigh and slowly moved up. When I reached the point I was aiming for, Lucy giggled at the shocked look on my face. Not only was she braless, she'd also left home without her knickers!

She was already damp and as I ran my finger along the line of her crack, she got wetter and wetter. She undid the buttons at the top of her dress to release those tremendous tits. I was in my element. My finger was up her cunt and I'd buried my face in her large breasts with a perfectly circular nipple in my mouth. Her breathing got heavier and heavier. When I put a second finger inside her, she said "That's no good. I need your cock now! Give it to me…"

I pushed her onto the bonnet of my car (having turned the alarm off) and she wrapped her legs tight around my waist as I took out my cock and guided it into her hole. I've got quite a thick cock and it stretched her tight pussy to the limit. A few hard strokes and her juices began flowing. A few more and she was biting her hand to stop herself screaming too loud.

I don't think I went below 60mph as we drove back to her flat. On the way, she told me I'd better not have any important meetings the following morning as she wasn't going to let me go until lunchtime at the earliest. At her flat we undressed as we ran to her bedroom. We were naked on her bed within seconds. Lucy immediately began to suck my stiffening cock. Without taking me out of her mouth, she re-positioned herself so she could sit astride me and lower her wet pussy towards my face. I hadn't been in a '69' for years, and it felt great to be back!

> ❝ SHE LICKED IT OFF HER LIPS AND MASSAGED IT INTO HER TITS ❞

Her pussy was lightly trimmed, giving me quick and easy access inside. My tongue was slavering around her pussy as she sucked me off, holding me tightly between her lips. I felt really good when she had to release my cock – my tongue was sending her crazy. Just like in the car park, she told me to get my meat into her.

I slid from underneath her and told Lucy to stay in that position as I'd take her from behind. She squealed her delight as I eased my cock up her. After an initial burst, I slowed my pace and took her in long strokes, fondling her tits as they swung beneath her. She wasn't worried about muffling her screams as her orgasm took hold, though I still hadn't shot my load.

Telling her not to worry, I got her to lie on her back, put my cock between her breasts and tit-fucked her for several minutes until I couldn't hold on any longer and my come splashed continued on p53

What's the verdict on the champagne, then?

Kym: Mmm, very nice.

Jodie: A bit too sweet for my palate, I'm afraid.

You sound like an expert!

Jodie: That's one of the perks of being a waitress – drinking the leftovers at the end of the night!

Any perks in your job, Kym?

Oh, just the usual staff discounts – big deal! I work in a high-class jeweller's, so most of the goods cost a fortune anyway. Knowing my luck, when I find Mr Right, he'll ask for 20% off my engagement ring!
Jodie: And you can have the reception at my restaurant. I'll even serve you!
Kym: You're so clumsy, I wouldn't trust you not to spill gravy all over me!
Jodie: Now there's an idea…

So are wedding bells in the distance for either of you?

Jodie: No way! I've auditioned several millionaires already, but I'm afraid none of them quite, er… measured up!
Kym: Who cares about that? With all his money, you could buy yourself the world's best dildo, lock yourself in your mansion and spend the next thirty years having one long orgasm!
Jodie: Trust you to think of that.

So what's next for you two?

Kym: After this shoot, we're going out on the town. Some drinks, some food, some good music, some dancing…
Jodie: …some screwing…
Kym: Behave! Honestly, you just can't take her anywhere, can you?

Katherine Bigelow’s brilliant *Blue Steel*. Jamie Lee’s in nearly every scene and gives a first class performance.

By 1994, JLC had entered the heady world of mega-budget movies by starring opposite Arnie in *True Lies*. As his mousy wife, she reveals she’s got as much of a hidden side as her salesman/secret agent hubby when she performs a trouser-tent-inducing striptease while posing as a hooker. Bob Dole, the US presidential candidate with slightly less charisma than a cauliflower, said that the film endorsed traditional American family values. What, like lying to your wife? HOTEL CALIFORNIA

The offers are still rolling in by the lorryload and if you’ve ever seen her interviewed, you’ll know she’s always ready with a saucy story. Recently, while she was poolside at a Californian hotel, she calmly stripped bare in front of startled guests and slipped into her bathing suit. Unfortunately, by the time we got there with our cameras, the hotel was closed for the winter. To quote Jamie Lee herself: “I still find masturbating an unbelievable pastime.” Buy that woman a drink on us!

What does your boss think of your modelling career?
He's really great about it. He gives me time off for shoots and he's always showing my picture sets to his clients.

What do they think?
They enjoy it – we haven't lost a customer since I started working there!

None of your colleagues are jealous of you?
Oh no, we have a good laugh about it. Our favourite joke is when we take a new male worker on. One of the guys will leave this copy of Mayfair *in the gents until the new boy finds it – then we place bets on how long it is before he tells my boss!*

We may not know much about art but we know what we like – 21-year-old Kristina whose slim frame is as pretty as a picture. The gorgeous gallery assistant from West London is only too happy to pose nude for budding artists, and has wound up on the canvas with several of them. "I go for the creative type," she says. "So when one suggested covering me in paint and rolling around on the floor together, I had to try it. The brush tickled and I was itching to finger my painted pussy, but in return he let me turn his cock into a candy-striped barber's pole! So if nothing else we at least managed to gloss over our differences!"
